## READY BY OCT. 1.

The Indiana Engineering company of Fort Wayne, Ind., is rushing the work on the two ward school buildings, now being erected in Wadsworth, and expect to have them ready for occupancy by October 1. The old normal school building is also being remodeled and will be used for a centralized school. During the next year Wadsworth will have four school buildings, where heretofore they have had only one.

Soil Fertility  
Feature of Fair

The problem of the restoration and conservation of soil fertility arouses interest everywhere. New lands for settlement are about to an end in the United States. The rapid increase in urban population means that there must be an increase in production of farm products. The problem, then, which confronts the farmer of to-day is: How to increase the yield per acre and continue to make a profit on the investment.

The Ohio Agriculture Experiment Station has been studying the question of the restoration and conservation of soil fertility for twenty-five years. The results of this work will be illustrated in the free exhibit of the Station at the Medina County Fair, Tues., Wed., and Thurs., Sept. 14, 15 and 16.

No farmer in this county can afford to miss seeing the exhibit. Visit the exhibit tent early. Attendants will be in charge to explain the various features. Look for the sign, "Exhibit of the Ohio Agricultural Experiment Station."

## ADDITIONAL WADSWORTH

The primary election in Wadsworth resulted as follows:

Democratic—For Mayor, L. Boyer; clerk, Floyd Stine; treasurer, John Metting; Marshall, Tom Lucas; members of council, Thos. Dutt, G. A. Ryland, Frank Mitchell; there was a tie in the vote for members of Board of Public Affairs and for assessor.

The votes of the election were all cast in precinct A. There was one vote cast in precinct B, but it was marked illegibly and illegally and was not counted.

Republican—For Mayor, L. Boyer; clerk, Harry Hiers; treasurer, John Leatherman; marshal, John Young; council, James Orr, Tom Dutt, Morgan Neath, E. Gardner; Board of Public Affairs—tie; assessor, Sam Andrews.

There were two Progressive votes cast.

A very enjoyable reunion was held at the home of Mr. and Mrs. Fred Jenkins in Wadsworth on Aug. 8, when the friends and relatives gathered together to celebrate the day. They were mostly people who resided in and around Grantsville, New Germany and Jennings, Maryland, but who reside in and around Akron, Medina and Wadsworth. Those present were:

Mr. and Mrs. H. C. Shauls, G. C. Knox, Chas. Knox, Mr. and Mrs. C. O. Bittinger, Mr. and Mrs. Will Billinger and four children, Gurney Snyder, Mr. and Mrs. D. S. Enlow and seven children, Mr. and Mrs. Geo. Patton and two children, Mr. and Mrs. Clayton Bowman and two children, Mr. and Mrs. L. W. Zehner and two children, Ed. W. Lancaster, James Weidman, Mr. and Mrs. Will Bealman and daughter, Mr. and Mrs. Ed. Bealman and two daughters, Mrs. J. E. Bealman, Miss Mary Bealman, Miss Irma Weinbrenner and friend, Mr. and Mrs. Fred Jenkins and three boys.

## THE WEEK'S ODDDEST STORY

The Wooster Daily News of last Saturday reports the appearance in that town with an itinerant show company of a daughter of John Wilkes Booth, slayer of Abraham Lincoln. The "daughter" claims that Booth was not captured in a Virginia barn and killed shortly after the assassination of Lincoln, but in reality committed suicide in a hotel at Enid, Oklahoma, in 1903, by taking poison, and that he skillfully evaded his pursuers after the death of Lincoln. The "daughter" says her mother married Booth in Tennessee in 1872.

## ANNUAL REUNION

MEDINA IN LEAD IN  
SCHOOL PUBLICITY

More than a year ago the Sentinel inaugurated a department devoted to the schools, not only of Medina village, but of the county as well, believing that there was much of interest in school affairs that the people generally should know, but which would be somewhat inconvenient for the average person to secure.

It is a pleasure to state that the Sentinel found County Supt. Jenks and other school officials ready and anxious to have published everything that could in any way be considered of news value or of casual reading interest. In fact, we believe the Sentinel was the first newspaper in Medina county to feature the news of the schools in a special department.

In view of this, the recent report of W. S. Deffenbaugh of the U. S. bureau of education in a report on "School Progress in the Smaller Cities," just issued, in which he criticizes those school superintendents who fail to be frank with the press, will be of interest.

Says Mr. Deffenbaugh: "School boards that are managing the schools ably and honestly do not fear to turn on the searchlight. The sentiment is growing among school boards that the public should know how its money is expended. In the most progressive schools, the board and the superintendent are presenting facts to the people either in printed reports, in newspaper articles or by both."

"Some school men, however, object to furnishing the newspapers with school information on the ground that they are thereby advertising themselves. A superintendent who was complaining about the lack of interest among the parents in the schools of his city was asked whether he reported the progress of the schools thru the local papers. He replied that he did not believe in advertising himself. He failed to grasp the idea that school news is not for the purpose of boosting a superintendent; besides being legitimate news it calls attention to the needs of the work of the school so that the school may become more efficient."

"In several cities, as Fredonia, Kas., there is an educational issue of the local paper. In some other cities there are daily school news notes. On the whole, the public is becoming better informed regarding the schools than it was a few years ago. The tendency is toward greater publicity by means of printed articles and reports and newspaper articles."

It is gratifying to know that Medina county school officials hold the view of Deffenbaugh that publicity in such vital affairs as that of the schools, is of the greatest importance.

## The largest 4-cylinder Overland to be produced this year

The long, low streamline body is unmarred by angles or projections. From the rounded edge of the radiator to the full curved back, there is not a break in the lines. The hood slopes gently upward and blends into the beautifully curved cowl. The doors are flush, with hinges concealed and handles inside. The fenders are long and sweeping in their curves, with gracefully rounded surfaces. The running boards are clean and free from obstructions, the storage battery concealed, the tire-carriers placed at the rear. The windshield is built-in, and conforms to the curve of the cowl—a part of the car itself, not an appendage afterthought.
